<sup>&</sup>lt;sup>1</sup> Each partly paid share is treated for voting purposes as being a proportion of a fully paid share, equal to the proportion to which it has been paid up - 1.5225 cents per share, representing 7.61% of the \$0.20 issue price

### **OFF-MARKET EQUAL ACCESS SHARE BUY-BACK**

At the Company's 2013 annual general meeting (**AGM**) held on 28 November 2013, shareholders approved an equal access scheme share buy-back of up to 100% of each shareholder's shares in the Company (**Buy-Back**), subject to a maximum cost to the Company of \$330,000 (**Buy-Back Cap**).<sup>2</sup>

By way of background:

- Queste, as part of a capital management programme for the benefit of shareholders, initiated an onmarket share buy-back in 2012/2013<sup>3</sup>. This initiative met with little success and no shares were boughtback, primarily due to the lack of liquidity in trading of Queste shares, based upon the application of ASX Listing Rule 7.29. (This rule prescribes that an on-market buy-back may occur only if transactions in a company's shares were recorded on ASX on at least 5 days in the previous 3 months).
- Queste reviewed the on-market share buy-back initiative and the liquidity issue and identified an equal access buy-back scheme as an alternative; allowing shareholders an opportunity to realise their investment in the Company in an otherwise relatively illiquid market for Queste shares. It is also a cost-effective way for shareholders to dispose of their interests, as there are generally no brokerage costs associated with an off-market equal access buy-back scheme.
- Accordingly the Company determined, with shareholders' approval, to conduct an equal access scheme off-market share buy-back (the Buy-Back).
- The Buy-Back was open to all shareholders on an equal basis. Participation by shareholders was entirely voluntary, in whole or in part, in relation to their shareholding in the Company.
- As the Buy-Back Price was set below the net tangible asset (**NTA**) backing of Queste, the NTA backing of the Company has increased after completion of the Buy-Back. This benefits remaining shareholders or those shareholders that only accepted the Company's offer to buy back a portion of their shares.
- Please refer to the <u>Information Memorandum</u><sup>2</sup> and <u>Share Buy-Back Offer Booklet</u><sup>4</sup> for further details on the Buy-Back.

The record date for determining entitlements to participate in the Buy-Back was 10 December 2013 and on 17 December 2013, a Share Buy-Back Offer Booklet<sup>4</sup> was despatched to eligible shareholders.

Under the Buy-Back (which closed on 21 January 2014):

- 587,563 fully paid ordinary shares were bought back for 10 cents per share, at a cost of \$58,756; and
- 10,000,000 partly-paid ordinary shares were bought back for 0.5 of a cent per share, at a cost of \$50,000,

with the total cost of the Buy-Back being \$108,756.

Please refer to the Securities in the Company Section (above) for details of the post Buy-Back shares on issue.

#### 1. SIGNIFICANT ACCOUNTING POLICIES

#### **Statement of Compliance**

The half year financial statements are a general purpose financial report prepared in accordance with the Corporations Act 2001 and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 134 'Interim Financial Reporting'. These half year financial statements do not include notes of the type normally included in the annual financial statements and should be read in conjunction with the most recent annual financial statements and the Company's ASX announcements released from 1 July 2013 to the date of this report.

#### **Basis of Preparation**

The financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted

The accounting policies and methods of computation adopted in the preparation of the half year financial statements are consistent with those adopted and disclosed in the Consolidated Entity's financial statements for the financial year ended 30 June 2013 except for:

# (a) AASB 10: Consolidated Financial Statements, AASB 11: Joint Arrangements, AASB 12: Disclosure of Interests in Other Entities, AASB 13: Fair Value Measurement, AASB 119: Employee Benefits

There is no impact on the financial statements from adoption of the above standards except for additional disclosures required under AASB 13 (refer to Note 11).

#### (a) Ordinary Shares

At any meeting, each shareholder present in person or by proxy, attorney, or representative has one vote for each fully paid ordinary share held either upon a show of hands or by a poll. Holders of partly paid ordinary shares have a fraction of a vote for each partly paid share held, with the fractional vote of each share being equivalent to the proportion of the total amount paid and payable (excluding amounts credited) that has actually been paid (not credited) for each share. Amounts paid in advance of a call are ignored when calculating proportions. The holder of a partly paid ordinary share is not entitled to vote at a meeting in respect of those shares on which calls are outstanding.

The profits of the Consolidated Entity, which the Directors may from time to time determine to distribute to shareholders by way of dividends, will be divisible amongst the shareholders in proportion to the amounts paid on the shares. An amount paid in advance of a call is not to be included as an amount paid on a share for the purposes of calculating an entitlement to dividends.

There were no movements in fully paid and partly paid ordinary shares during the half year.

#### **11. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS**

#### (a) Fair Value Hierarchy

AASB 13 requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

(i) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

- (ii) Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- (iii) Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There have been no transfers between the levels of the fair value hierarchy during the six months to 31 December 2013.

#### (b) Valuation Techniques

The fair value of any assets that are not traded in an active market are determined using certain valuation techniques. The valuation techniques maximise the use of observable market data where it is available, or independent valuation and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. If one or more of the significant inputs is not based on observable market data, the instrument is

At level 2, the land and intangible assets (water licence) and property held for development or resale were valued by an independent qualified valuer (an Associate Member of the Australian Property Institute) on 30 June 2013. There has been no unusual circumstances that may affect the value of the property.

#### (c) Level 3 Fair Value Measurements

At level 3 the intangible asset (ultra premium Dandaragan Estate Olive Oil brand name) and olive trees' value was assessed as at 30 June 2013 by the Directors. There has been no unusual circumstances that may affect the value of the property.

The fair value of the brand name is assessed based on commercial viability and brand presence. The fair value of the trees is at the Directors' valuation having regard to, amongst other matters, replacement cost and the trees commercial production qualities.

There has been no change in the value of Level 3 assets during the half year.

Changing inputs to the Level 3 valuations to reasonably possible alternative assumptions would not change significantly amounts recognised in Profit or Loss, Total Assets, Total Liabilities or Total Equity.

#### Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Queste Communications Ltd, would be in the same terms if given to the directors as at the time of this auditor's review report.
