- (ii) The consolidated entity also has exploration and evaluation commitments in relation to mineral licences held or applied for (upon grant) in Pakistan. The consolidated entity previously held a reconnaissance licence (RL) over a 5,000 square kilometre area in the Chitral Region, North-West Frontier Province, Pakistan, prospective for gold and copper. There was a US\$250,000 expenditure commitment under the terms of such licence within the first 12 months; A\$71,874 was actually incurred on the RL during the financial year; however, an application for an exploration licence over 493 square kilometres in this RL area was filed in March 2007 prior to the expiry of this RL. The consolidated entity has also recently applied for another RL in the province of 3,000 square kilometres and a similar US\$250,000 expenditure commitment is expected to apply to this RL upon its grant.

Financial commitments for subsequent periods are contingent upon future exploration and evaluation results and cannot be estimated. If PTIB's interest is diluted to below 10%, PTIB's interest shall be transferred to PTOIM in consideration for a royalty to PTIB of 7.5% of net profits derived from coal resources produced and sold.
